

Symposium

Japanese

9:10-10:10

Mastering Functional Imaging

Chairs : Noriko Manabe (Jichi Medical University Saitama Medical Center)
 Daisuke Utsunomiya (Yokohama City University)

Myocardial SPECT changes revascularization strategies: ischemic volume, residual ischemia, and MINOCA
 Youka Otaki (Sakakibara Heart Institute)

MR perfusion 2025

Masaki Ishida (Mie University)

CT perfusion 2025

Shingo Kato (Yokohama City University)

PET perfusion 2025

Yoshito Kadoya (Ottawa University)

10:15~10:35

Morning Seminar1

Co-sposered by:Boston Scientific Japan

Imaging and Rota-Cut Volume Reduction

Chair : Takeshi Hibino (Gifu prefecture Tajimi hospital)
 Speaker : Shunji Imura (OKAMURA Memorial Hospital)

10:40~11:40

Symposium

Japanese

CT guide coronary revascularization

Chairs : Shiro Unemura (Kawasaki Medical School)
 Satoru Sumitsuji (Freelance)

CT guide PCI is real.

Atomu Tajima (OLV aarlst / Aichi Medical University)

CT guide CABG; is real.

Shigeki Kageyama (Shizuoka City Shizuoka Hospital)

Photon counting CT & CT guide revascularization

Koshiro Sakai (Showa Medical University)

11:45~13:20

Symposium

Japanese

The future of imaging and physiology brought about by artificial intelligence

Chairs : Ken Kouzuma (Teikyo Univeresity Hospital)
 Jyunichi Yamaguchi (Tokyo Women's Medicsl University)

Evolution of Nuclear Cardiology - AI x Quantitative Indicators Pioneering Next-Generation Diagnosis -

Yasuyuki Suzuki (Nihon University)

AI assisted imaging interpretation 2025

Kyohei Yamaji (Kyoto Univeresity)

AI assisted physiology diagnosis 2025

Hiroyuki Omari (Toyohashi Heart Center)

AI assisted catheter intervention

Hirooki Higami (Teikyo University Hospital)

AI assisted coronary plaque CTdiagnosis2025

Rine Nakanishi (Toho University Omori Medical Center)

AI assisted UCG diagnosis 2025

Kenya Murase (University of the Ryukyus Hospital)

13:35~14:25

Co-sposered by:Philps Japan

Luncheon Seminar2

FFR? iFR? FCA? What to believe and how to interpret it? We'll solve your confusing physiology cases with a refreshing answer.This popular face-to-face event is making its first appearance on POPAI!

Chair : Teppei Sugaya (Hanaoka Seishu Memorial Hospital)
 Speakers : Ryosuke Itakura (The Jikei University Katsushika Medical Center)
 Narumi Irie (Kurashiki Central Hospital)

14:30~16:00

Symposium

Japanese

Considering State-of-the-art PCI for Ischemic Heart Disease

Chairs : Shinjo Sonoda (Japanese Red Cross Karatsu Hospital)
 Yuichiro Maekawa (Hamamatsu University School of Medicine)

State of art CT guide PCI

Masaaki Okutsu (Tokai University School of Medicine Hachioji Hospital)

State of art Physiology guide PCI

Yasutsugu Shiono (Wakayama Medical Univeresity)

State of art Angio guide PCI

Hitohi Matsuo (Gifu Heart Center)

State of art imaging guide PCI

Kenji Sakata (Kanazawa University Hospital)

State of art Slender PCI

Fuminobu Yoshimachi (Tokai University School of Medicine Hachioji Hospital)

16:05~16:25

Afternoon Seminar1

Co-sposered by:Boston Scientific Japan

Making the most of Wolverine's characteristics

Chair : Yusuke Uemura (Anjoo Kosei Hospital)
 Speaker : Hiroaki Matsuda (Nagoya Heart Center)

16:30~17:50

Symposium

Japanese

Considering the state of art OMT for ischemic heart disease

Chairs : Jyunya Ako (Kitazato Univeresity)
 Kengo Tanabe (Mitsui Memorial Hospital)

high blood pressure

Kazuomi Kario (Jichi Medical University)

dyslipidemia

Yoshiyasu Minami (Kitazato Univeresity)

Diabetes, obesity and ischemic heart disease: Practice of the latest OMT incorporating new therapeutic drugs

Daisuke Yabe (Kyoto University)

Antiplatelet/anticoagulant therapy

Masahiro Natsuaki (Saga University)
